ABSTRACT

This study investigated the student's attitude towards English language learning. Survey method was used in this study to describe the attitude of MA Al-Ittifaqiyah Indralaya students towards English language learning. This study was conducted in MA Al-Ittifaqiyah Indralaya with the participant were 217 students at that school. For collecting the data, the researcher employed a questionnaire task. The questionnaire consisted of 20 items that divided into 5 components which are attitude towards native English speakers, motivational orientation in learning English, interest in English, attitude towards English class, and attitude towards English teachers. The result of this study indicated that the attitude of MA Al-Ittifaqiyah Indralaya students towards English language learning was generally positive.

Keywords: *student's attitude, English language learning, EFL learners.*
