

# Book of Abstract

## **The 1st International Education Conference (IEC)**

September 27-28, 2021

*“New Challenges and Strategies in Innovations  
of Education and Research in the New Normal Era”*

Faculty of Tarbiyah and Teaching Training  
UIN Raden Fatah Palembang,  
Indonesia

## **ACKNOWLEDGEMENTS**

The International Education Conference (IEC) in 2021 is the first International Seminar organized by the Faculty of Tarbiyah and Teaching Sciences (FITK), State Islamic University (UIN) Raden Fatah Palembang. The International Education Conference (IEC) in 2021 takes the theme "New Challenges and Strategies in Innovations of Education and Research in the New Normal Era". Theme of this conference adjusts to the conditions that are and will be faced by the world of education where technology plays a role in education. However, technology still cannot replace the role of teachers, lecturers, and learning interactions with students because education is not only about acquiring knowledge but also about values, cooperation, and competence. This pandemic situation is a challenge for the creativity of each individual in using technology to develop the world of education. The theme of this seminar is made more general in the hopes of reaching participants from various circles both as participants and speakers. IEC in 2021 will run semi-virtually through the Zoom Meeting application due to the ongoing Covid-19 pandemic. The IEC will take place on Monday-Tuesday, September 27-28, 2021.

# CONTENTS

|  |    |
|--|----|
| ACKNOWLEDGEMENTS .....   |    |
| COMMITTEES .....   |    |

# INTEGRATION OF RELIGIOUS MODERATION IN CURRICULUM DEVELOPMENT IN MAN 3 PALEMBANG

by

Ahmad Zainuri

[ahmadzainuri\\_uin@radenfatah.ac.id](mailto:ahmadzainuri_uin@radenfatah.ac.id)

UNIVERSITAS ISLAM NEGERI (UIN)  
RADEN FATAH PALEMBANG  
2021

## PRELIMINARY

- The results of research by the Makassar City Religious Research and Development Center in 2016 on 1,100 high school/vocational high school students showed that there were 10% of high school students in Makassar City who agreed that suicide bombings and attacks on houses of worship were acts of religious radicalism. There are about 60% of Muslim students stating that it is forbidden to wish Christians a Merry Christmas (Mujizatullah, (2020: 49). Even in 2010, LaKIP Jakarta has released the results of a survey as many as 48.9% of students in the Greater Jakarta area agree with acts of radicalism ( Abdul Munip, 2012: 160)

## PRELIMINARY

- The same thing happened in Central Java and the Special Region of Yogyakarta. Research from the Research and Development of Semarang Religion on high school students in the two provinces shows that the leader of the Islamic Defenders Front (FPI) Muhammad Rizieq Shihab and the Chair of Saudi Arabia Alumni in Indonesia, Bachtiar Nasir, occupy the top rank as idol figures of a number of favorite high school students in the Special Region of Yogyakarta and Central Java. Even some high school students agree that Pancasila as the basis of the state is replaced with an Islamic basis and they prefer Muslim leaders over non-Muslims and in religious activities there is a separation between brothers and sisters (Iswidodo, 2017)

## PRELIMINARY

Madrasas have become one of the potential places to spread the ideas of religious radicalism.

Religious moderation developed in the learning curriculum includes; *at-ta'aruf* (knowing each other), *at-tawassuth* (moderate), *at-tasamuh* (tolerant), *at-ta'awun* (helping each other), and *at-tawazun* (harmony).

The aim is to explain the integration of religious moderation in curriculum development at MAN 3 Palembang

## RESEARCH METHODS

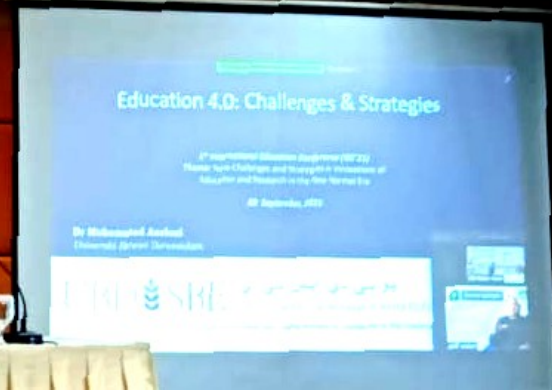

- Field Research (Field Research) and qualitative
- Primary and Secondary data sources.
- Data collection technique ; interview and documentation
- Informants in this study were recruited through the snowball technique (snowball).
- Qualitative descriptive data analysis
- Triangulization
- Inductive-deductive pattern
- Deductive-inductive pattern

## FINDING AND DISCUSSION

1. Religious moderation at MAN 3 Palembang has become a content in the RPP or PAI syllabus and Arabic refers to KMA 183 of 2019 as an effort to strengthen the unity of the nation and state.
2. In religious moderation in the curriculum, cognitive, affective, and psychomotor aspects are developed, thus giving birth to inclusive religious attitudes and behaviors and able to counteract religious understanding that leads to radicalism in understanding religious teachings (exclusive attitude).

**SUGGESTION:** In the future, religious moderation will not only be integrated into the curriculum at MAN 3 Palembang, both intra and extra-curricular, but it is necessary to think about forming a special unit (whether it be an institution or the like) that can develop various programs for the academic community of MAN Palembang .
