

ABSTRACT

This research was developed due to the lack of student worksheets with the theme of local wisdom in the village of Seri Tanjung Ogan Ilir. This study aims to produce student worksheets on the theme of local wisdom with valid and practical and effective categories. This research is a Research and Development research with the development research model used is the 4-D development model (Define, Design, Development, and Disseminate). The subjects of this study were students of group B RA Nurul Yaqin Seri Tanjung Ogan Ilir. The number of small-scale trial samples, namely group B1 as many as 13 students and large-scale trial namely groups B1 and B2 as many as 26 students. Data collection techniques using observation, questionnaires, and documentation. The data analysis technique in this study used the validity test, practicality test, and the effectiveness test. Data on validity, practicality, and effectiveness were obtained based on response questionnaire data which were analyzed using a likert scale with response questionnaire score rules. The results of this study indicate that the student worksheets developed based on the material expert response questionnaire 93,75 was stated to be very valid, the design expert 83,75 was stated to be very valid, the linguist 80 was declared valid and very practical, namely 93 based on the practitioner response questionnaire and based on the student response questionnaire. Conducted in the form of interviews, 88,701 were stated to be very effective in small-scale trials and 90,264 were stated to be very effective in large-scale trials. This means that the student worksheets on the theme of local wisdom developed is suitable for use in learning.

Keywords: Student worksheets, the theme of local wisdom

ABSTRAK

Penelitian ini dikembangkan karena masih minimnya LKPD yang bertemakan Kearifan Lokal di Desa Seri Tanjung Ogan Ilir. Penelitian ini bertujuan untuk menghasilkan lembar kerja peserta didik pada tema kearifan lokal dengan kategori valid dan praktis serta efektif. Penelitian ini merupakan penelitian *Research and Development* dengan model penelitian pengembangan yang digunakan ialah model pengembangan 4-D (*Define, Design, Development, and Disseminate*). Subjek penelitian ini adalah peserta didik kelompok B RA Nurul Yaqin Seri Tanjung Ogan Ilir. Jumlah sampel uji coba skala kecil yaitu kelompok B1 sebanyak 13 peserta didik dan uji coba skala besar yaitu kelompok B1 dan B2 sebanyak 26 peserta didik. Teknik pengumpulan data menggunakan observasi, angket, dan dokumentasi. Teknik analisis data pada penelitian ini menggunakan uji kevalidan, uji kepraktisan, dan uji keefektifan. Data kevalidan, kepraktisan, dan keefektifan diperoleh berdasarkan data angket respon yang dianalisis dengan menggunakan skala *likert* dengan aturan skor angket respon. Hasil penelitian ini menunjukkan bahwa LKPD yang dikembangkan berdasarkan angket respon ahli materi 93,75 dinyatakan sangat valid, ahli desain 83,75 dinyatakan sangat valid, ahli bahasa 80 dinyatakan valid dan sangat praktis yaitu 93 berdasarkan angket respon praktisi serta berdasarkan angket respon peserta didik yang dilakukan dalam bentuk wawancara, 88,701 dinyatakan sangat efektif pada uji coba skala kecil dan 90,264 dinyatakan sangat efektif pada uji coba skala besar. Artinya LKPD pada tema kearifan lokal yang dikembangkan layak digunakan dalam pembelajaran.

Kata kunci: *LKPD, tema kearifan lokal*
