

## **ABSTRAK**

Judul dari penelitian ini ialah “Pelaksanaan Pendidikan Karakter Cinta Tanah Air Pada Siswa MAN 2 Palembang”. Pendidikan karakter sangatlah penting untuk peserta didik, terlebih diajarkan sejak dini dan dilakukan disekolah. Pendidikan karakter cinta tanah air masih sangat minim ditanamkan disekolah-sekolah di Indonesia.

Adapun tujuan dari penelitian ini yaitu untuk agar mengetahui bagaimana pelaksanaan nilai pendidikan karakter cinta tanah air di MAN 2 Palembang. Penelitian ini menggunakan metode pendekatan kualitatif deskriptif. Data yang diperoleh seperti hasil pengamatan, hasil wawancara, analisis dokumen, catatan lapangan, disusun peneliti di lokasi penelitian, tidak dituangkan dalam bentuk angka-angka. Kemudian teknik analisis data berdasarkan pendapat Sugiyono yaitu teknik pengumpulan data triangulasi yang terdiri dari Triangulasi Teknik dan Triangulasi Sumber.

Kesimpulan dari hasil penelitian ini yaitu bentuk pelaksanaan pendidikan karakter cinta tanah air di MAN 2 Palembang yaitu upacara bendera satu bulan sekali, ekstrakurikuler sebagai pendukung dalam penanaman karakter cinta tanah air, memperingati hari besar nasional, berdoa sebelum pembelajaran, menggunakan bahasa indonesia, melakukan kegiatan pembelajaran diluar sekolah (Outdoor Learning), atribut kelas sebagai pendukung.

**Kata kunci:** Pelaksanaan, Pendidikan Karakter, Cinta Tanah Air.

## **ABSTRACT**

*The title of this study is "Implementation of Love for the Motherland Character Education in Students of MAN 2 Palembang". Character education is very important for students, especially since it is taught early and carried out in schools. Character education for loving the motherland is still very minimally instilled in schools in Indonesia.*

*The purpose of this study is to find out how to implement the value of character education to love the homeland in MAN 2 Palembang. This study uses a descriptive qualitative approach. Obtained data such as observations, interview results, document analysis, field notes, compiled by researchers at the research location, are not set forth in the form of numbers. Then the data analysis technique is based on Sugiyono's opinion, namely the triangulation data collection technique which consists of Technical Triangulation and Source Triangulation.*

*The conclusion from the results of this study is that the implementation of love for the motherland character education at MAN 2 Palembang is a flag ceremony once a month, extracurriculars as a support in instilling the character of loving the motherland, commemorating national holidays, praying before learning, using Indonesian, carrying out learning activities outside the school (Outdoor Learning), class attributes as a support.*

**Keywords:** *Implementation, Character Education, Love for the Homeland.*
