Abstract

Oral presentation is one of classroom activities that usually used in higher education or universities. This study was done to find out (1) the difficulties in delivering oral presentation faced by the sixth students' difficulties in delivering oral presentation faced by the sixth semester students of English department, and (2) the factors that caused the difficulties happened in oral presentation faced by the sixth semester students of English department. The total numbers of participants in this study were 16. This study employed qualitative method. In order to collect the data we used observation and interviews. We observed the students in order to explore the difficulties faced by them in delivering the presentation. Then, we conducted the interview to dig the factors. From this study we found that the difficulties in delivering oral presentation faced by the sixth semester students of English department at UIN Raden Fatah Palembang were in terms of mastering and delivering materials, interacting with the audience and using correct language, delivering speech clearly with voice quality. Moreover, after interviewing the students we determined that the factors which caused students' difficulties in delivering oral presentation were oral presentation skills, personality traits, audience and instructor.
